3 DAYS

## 5S WORKPLACE ORGANISATION

A practical introduction to 5S workplace organisation through interactive sessions, learning games and an on-the-ground activity at the workplace.

The workshop includes presentations from an experienced facilitator and a practical, high-impact activity to address a particular problem. Suitable to manufacturing, service, healthcare and public sector.

- Understand the purpose of 5S and how it can contribute to delivering value for the customer
- Evaluate the 5S current condition
- Agree on the target condition
- Evaluate root causes and experiment with countermeasures
- Sustain and develop a plan to deploy to new areas
